### Main areas

- Contracts and Standard Terms
- Tax Law

### Background

After graduating in Law in 2009 at the University of Bologna, he obtained a Master's Degree in "A. Berlioz" at the European School of Advanced Tax Studies in Bologna.

He is the author of several publications on tax matters.

He has collaborated with leading professional firms of chartered accountants and trust companies and trusts in Bologna and Milan.

He has been practising law since 2016.

### Expertise

The Lawyer Giovanni Elia provides advice on national and international tax matters with regard to both individuals and companies.

He deals with tax planning, asset protection tools and supervision of the correct adoption of tax and contractual practices by trust companies.

As part of his activity, he has gained particular experience in transfer pricing with regard to the analysis of business models and the drafting of national and group documents.

He provides assistance during audits by the tax authorities and other inspection bodies.

He is specialized in litigation before the Tax Commissions.
